

POWERLOOK

POWERLOOK READER

FACILITY ACCESS READER

The PLR-A reader is a powerful proximity reader with 125KHz and 13.56 MHz technology.

It may be mounted both inside and outside in a hard environment due to the metal case's anti-vandal and waterproof properties

Card Type: EM+HID+Mifare

SPECIFICATION

Model	PLR-A
Item Name	POWERLOOK Metal Wiegand Reader Access
Operating Voltage	9~24VDC
Frequency	125KHz &13.56MHz
Output Format	Wiegand 26 bits (26~37 bits available upon request)
Card Type	125KHz - EM & HidCard 13.56MHz - Mifare Card (ISO 14443ACompatible) 125KHz - EM & Hid Card
Dimensions	L103 x W48 x H19(mm)
Keypad	Keypad Touch screen keypad 12 keypad in 4 rows of 3 keys
Index of Protection	IP66
Standby Current	< 25mA
Reading Distance	3~8 CM
Operation Temperature	-40°C~ 60°C(-40°F ~ 140°F)
Operation Humidity	10%~98%RH
